Hi Brian,

Sorry, I have been doing half days for the last month and all have been crazy busy with the renewal. I believe the project is on hold for now. We plan to move forward with electronic archiving but trying to determine to what capacity. We have to present it to the board for approval, etc. I will keep you updated as we are updated.

Sorry I couldn't give you more info.

Lena

Subject: Document Management Project

Lena,

I hope you had a good weekend. I left you a message on Friday. What ever happened to the electronic document archiving project? Was it put on hold? I've left Herman a few messages and sent e-mails, but he hasn't replied. We totally understand if it has been put on hold. Could you please update us? Thank you.

Sincerely,

 Canon Solutions
